Spring 1960

Vol. 6, no. 2

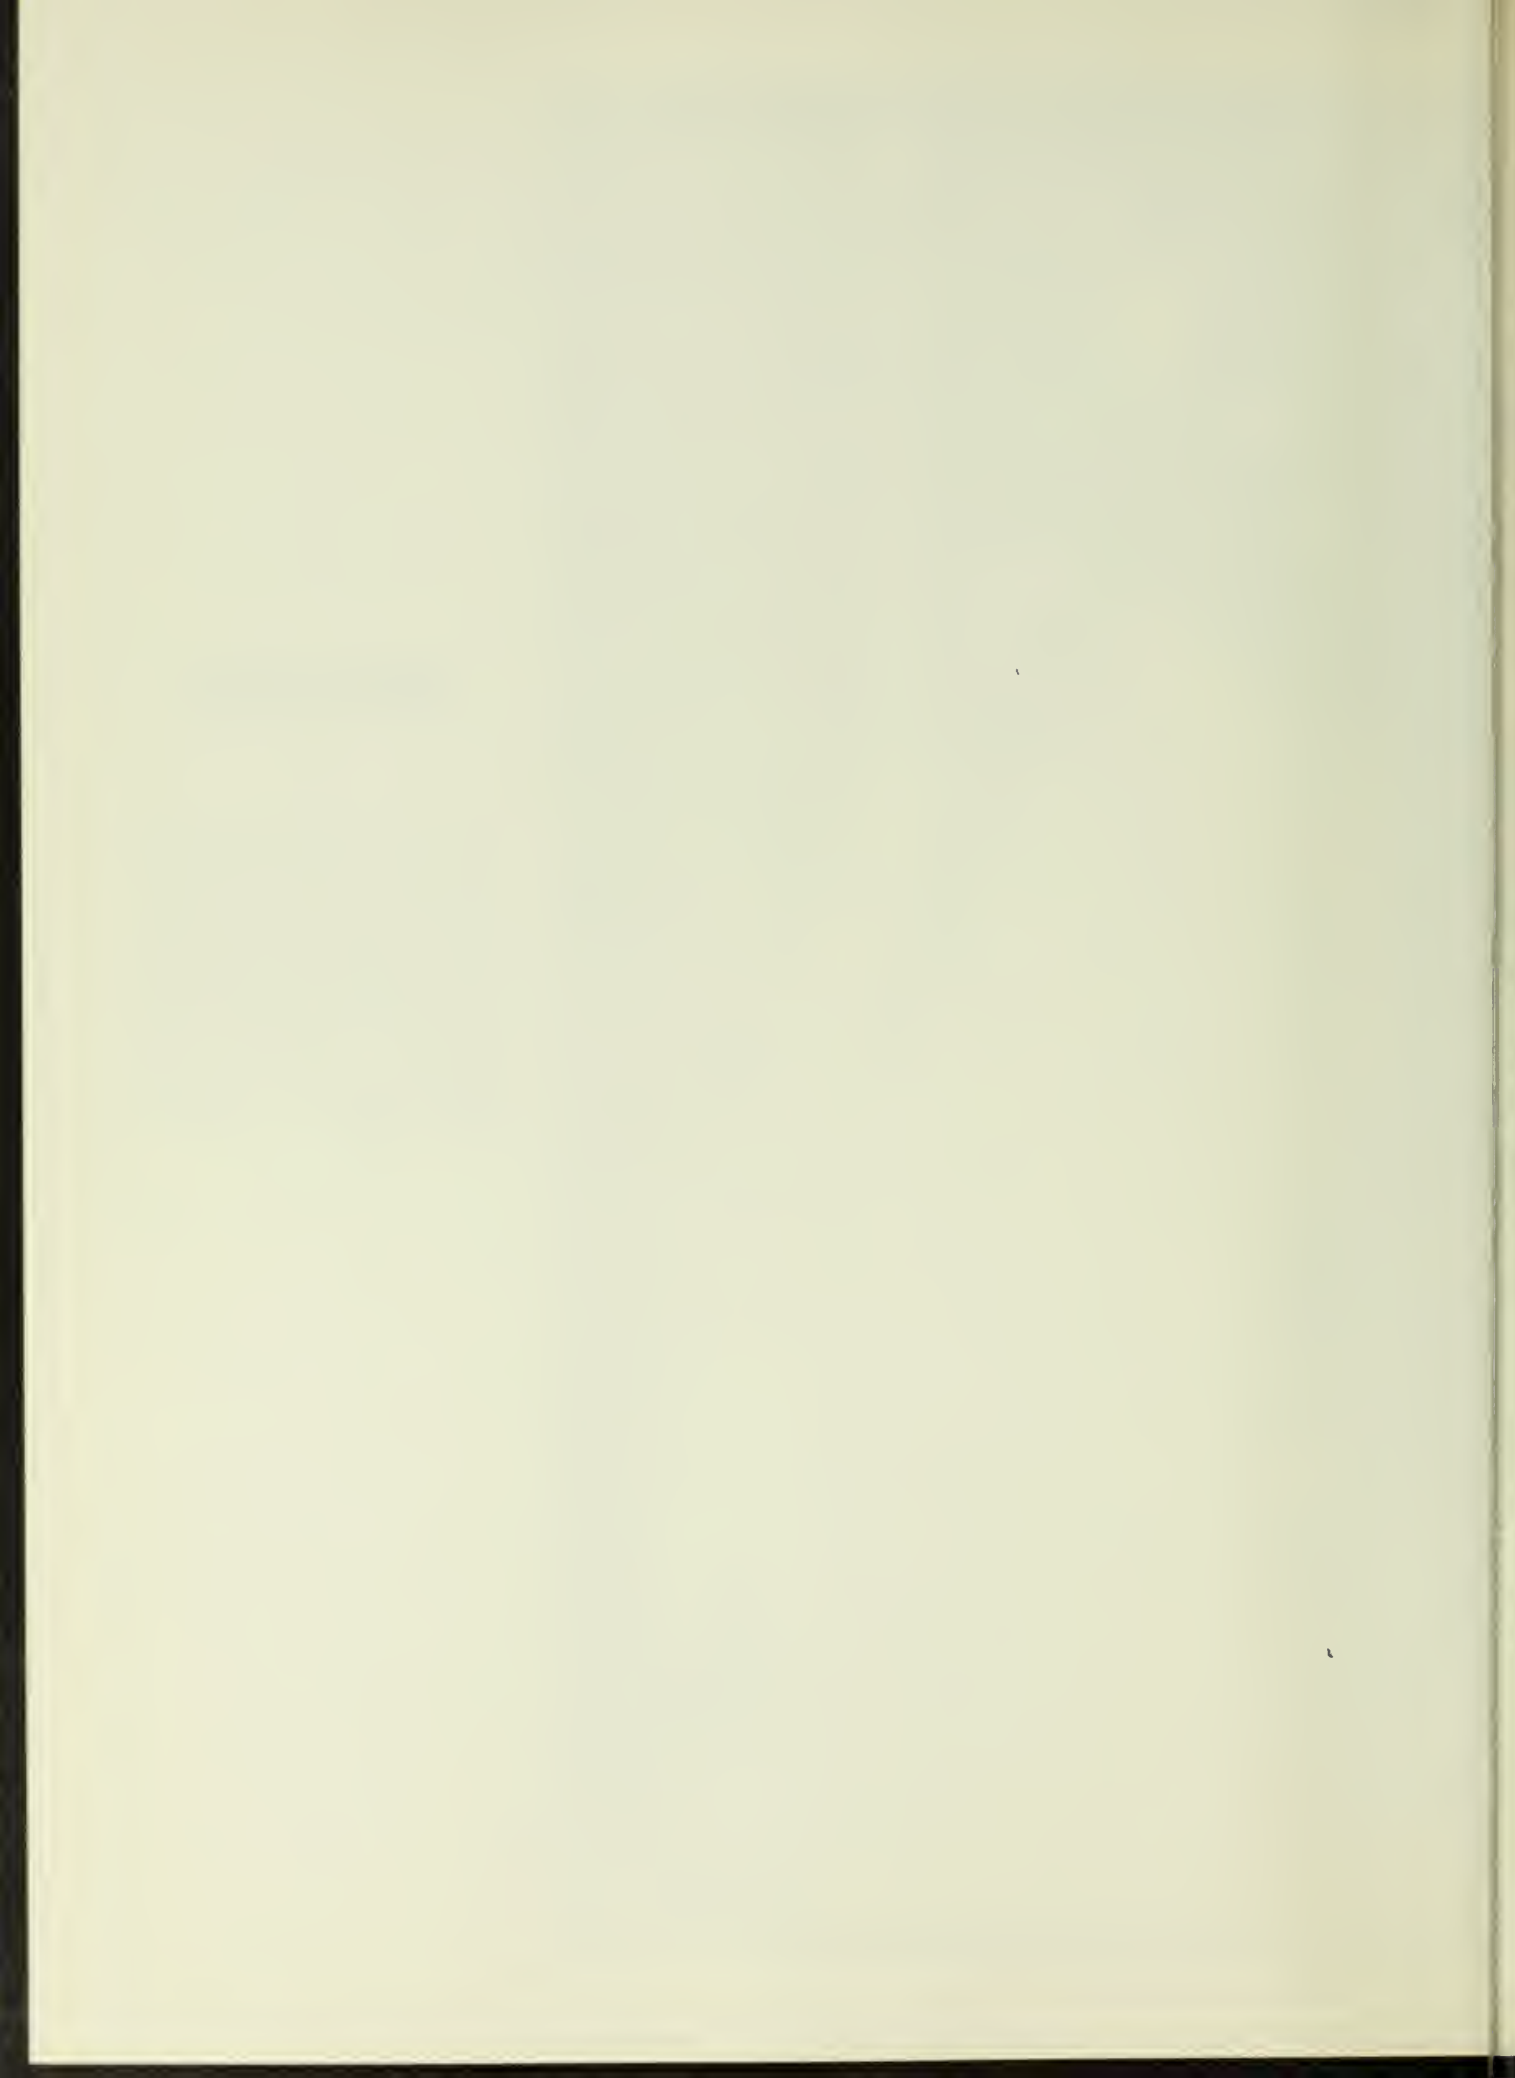

INDEX  
175-176

## Dedication

To Baron Karl Friedrich Wilhelm von Braunstedt, who graciously gave up his time on the knockwurst factory's night shift to prove the military mind's capacity for accurately analyzing true character, we of *Ya-Hoo* dedicate this, our lampoon of the *Index*.

Y.a-Hoo is the official undergraduate humor magazine of the University of Massachusetts, published three times in the academic year 1959-60 by students of the University of Massachusetts. Subscription price is 85 cents a year. Subscriptions may be obtained by writing to Y.a-Hoo, University of Massachusetts, Amherst, Massachusetts. Entered as third class matter at the Post Office in Amherst.

*Fister Forculo*  
GOVERNOR OF NASSAU

Fister Forkolo  
Governor

The Commonwealth of Massachusetts  
Executive Department  
State House, Boston

Greetings,

It is once again my pleasure and privilege to extend to the administration, faculty, and students at the University of Massachusetts my personal felicitations. To tell the truth I have to do it because you expect it, even if you don't read it. But I do take a wonderful picture don't I. Sorry I didn't mean to digest.

We up here on a . . . on a . . . on a . . . lamplight mound, (or is it candleflame stump), oh, I mean Bacon Hole, have been carefully watching the progress that is progressing thru progress at your progressive school.

The building program, as you may well be aware, is in full swing. No where can you go on your campus without seeing a hole being dug, filled or being fallen into. That's progress.

The buildings themselves are prespiring monuments to man's creative dreams. One of the buildings we are especially fond of, and I know you are too, is the building where the lady over the loudspeaker says, "Will those not eating in the building please make room for those who do not pay!"

And all the other accomplishments at the University are a constant sore of pride to all of us in the Commonwealth. For instance the beno attitude: There will be no--Friday night parties  
drinking  
coffee breaks without hostesses

Your faculty certainly deserves credit for working overtime thinking these things up. (I made a slight error here by ending a sentence with a preposition and if any of you are offended I apologize and agree, ending a sentence with a preposition is something up with which I cannot put-- ah up--ah with--I cannot--hm.

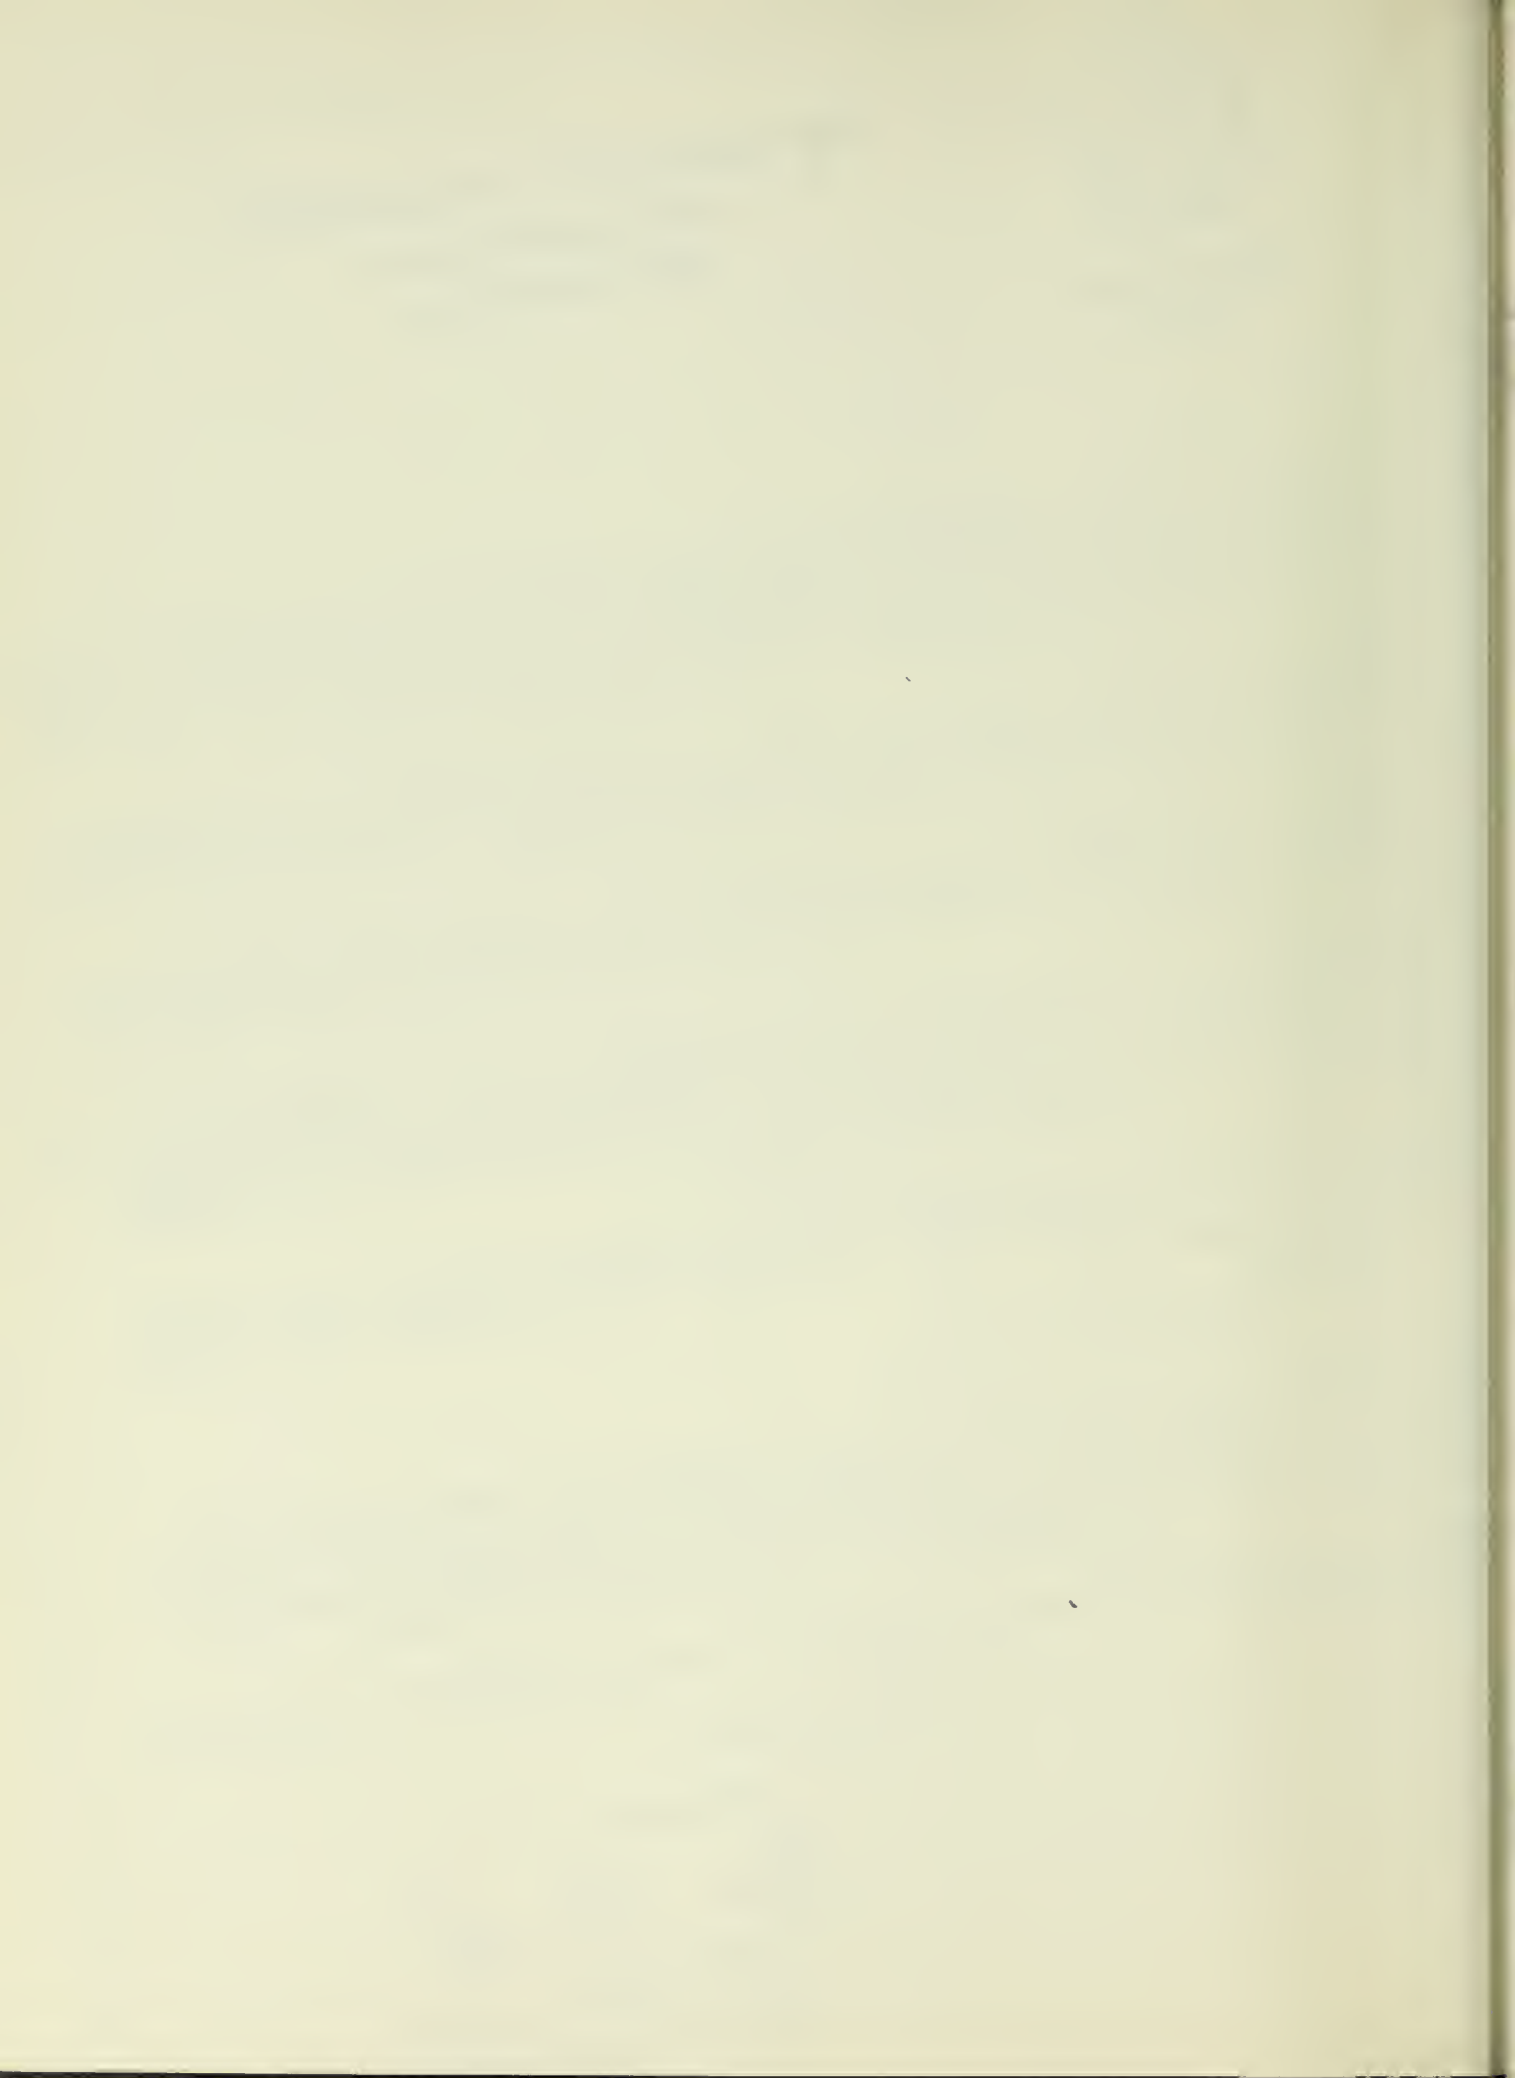

And in closing I would like to say to all the faculty whom I promised to remember in my next address

Hi there faculty.

Sincerely,

*Fister Forkolo*

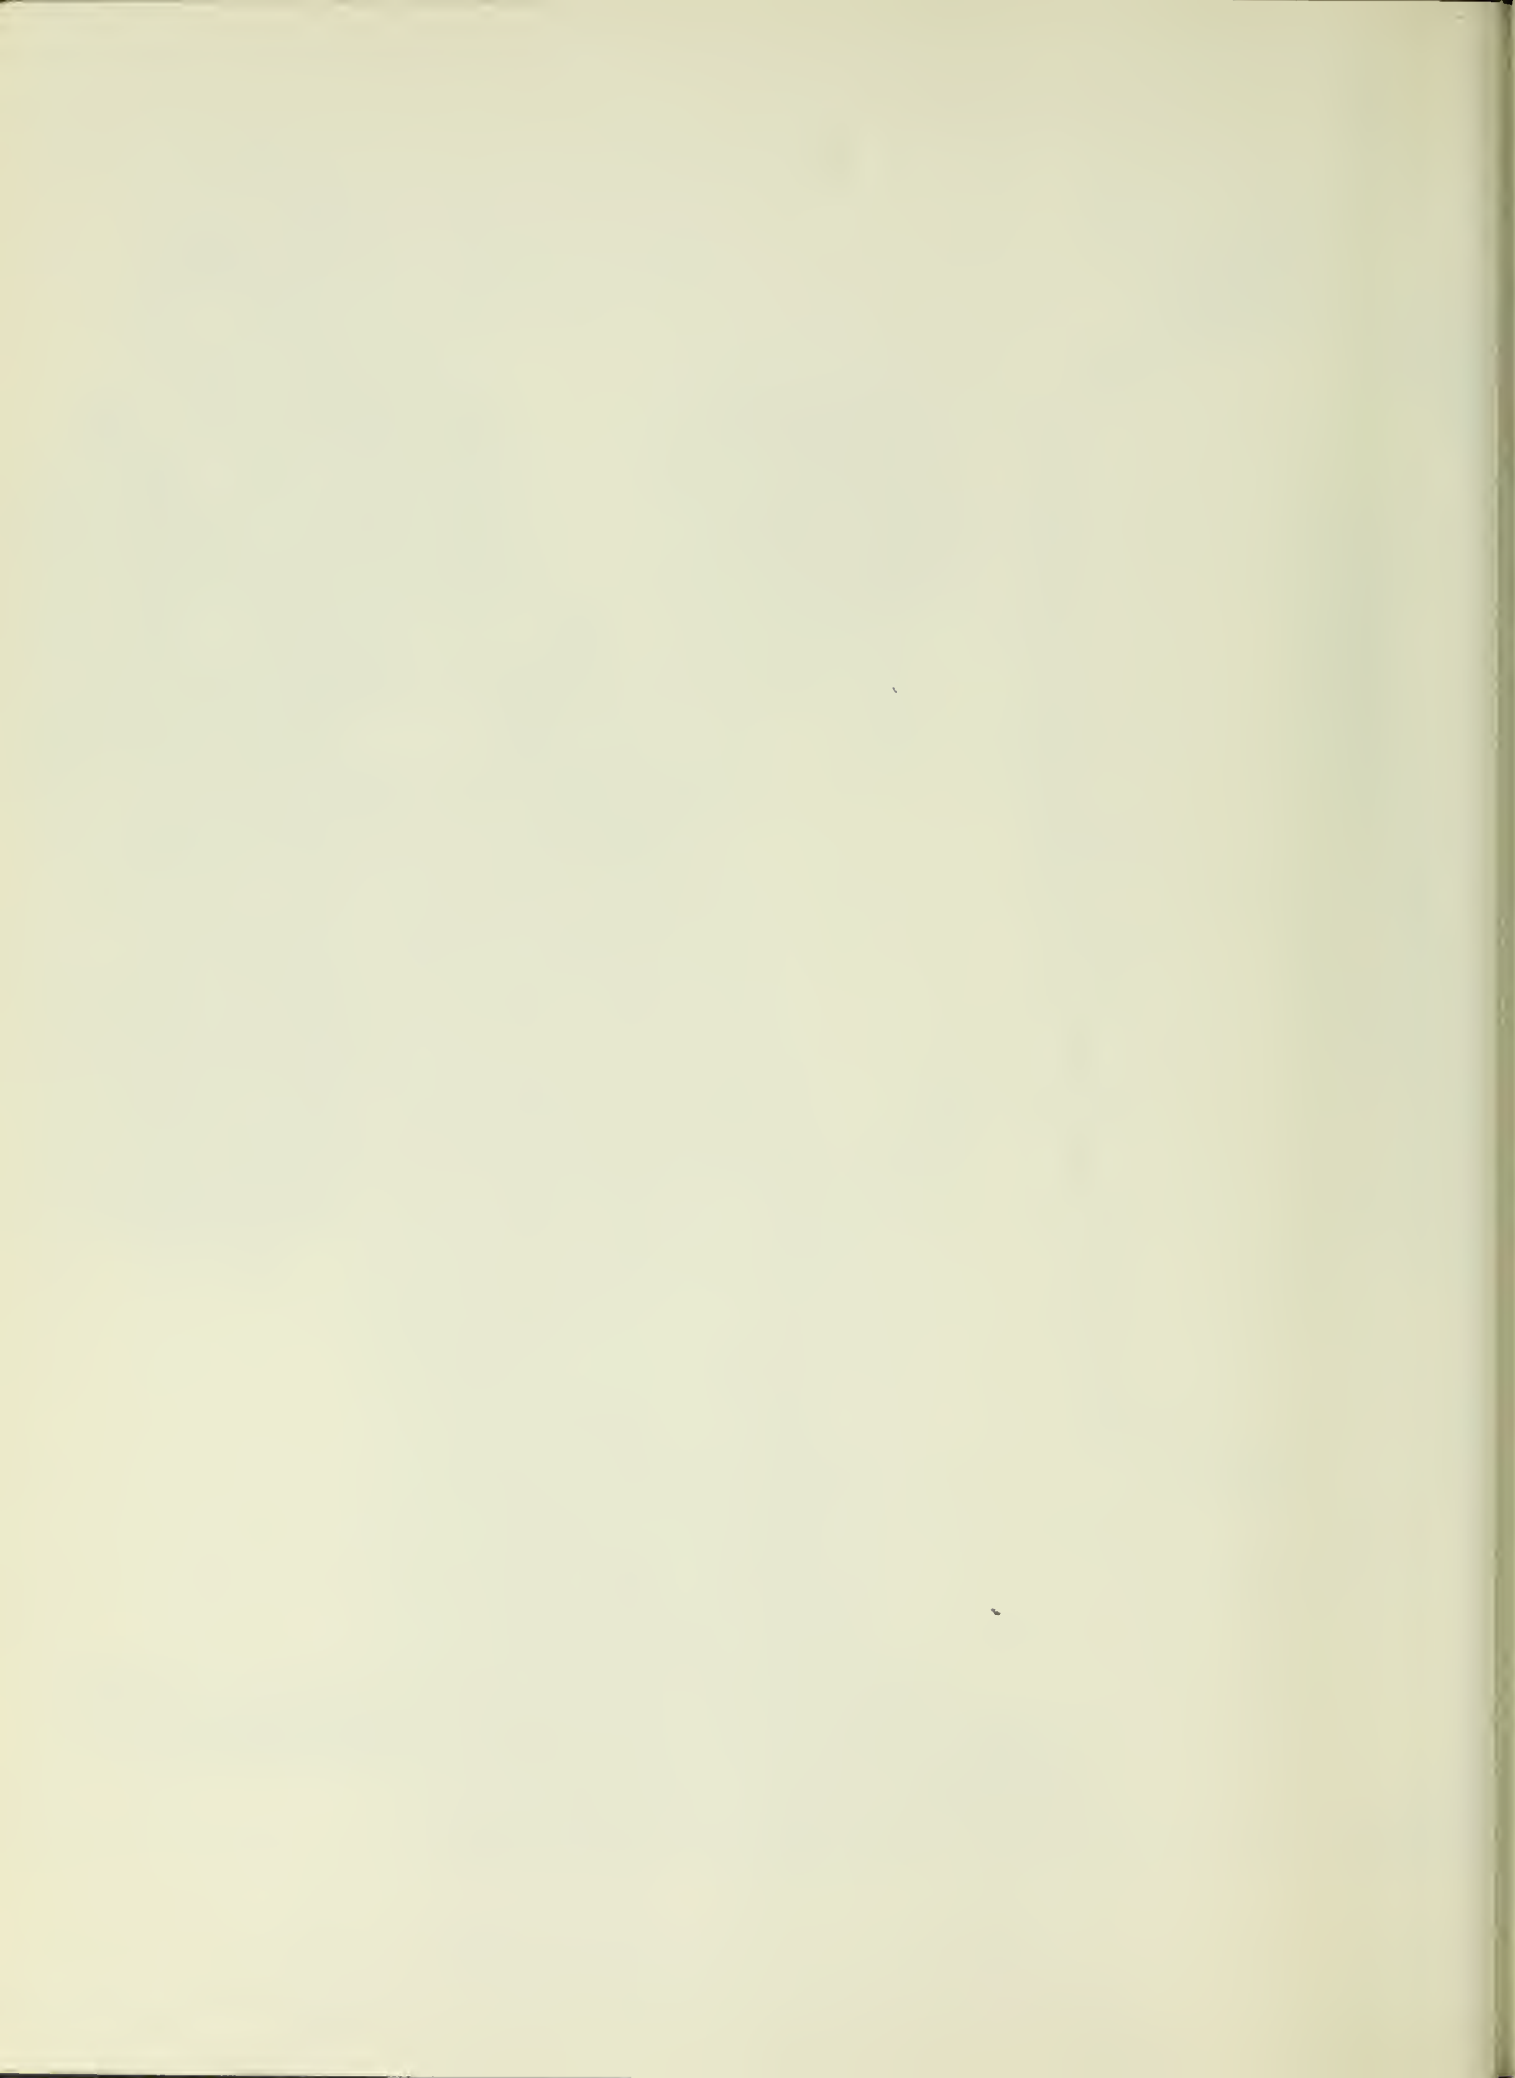

Fister Forkolo  
or is it Feester Furculo  
well you all know who it is

## *Queen*

It will reassure many of our readers to discover that some things are still sacred to *Ya-Hoo*. Beautiful women is one of them. Hence we dare not omit the tradition of the *Ya-Hoo* Queen, even to preserve the continuity of our lampoons.

Our Queen this issue is Leigh Henderson, a senior from Chi Omega. Thus Chi O can keep intact its reputation for having some of the most attractive and charming co-eds on campus. Although she customarily spends the summers in Maine she is soon to take a job in New York. Direct bus, train, and plane connections for New York can be made in Springfield.

# SPORTS

L-R—Niobe o Ostrogoth-Smith scores against Lodgely Cabot in a tense moment in the Harvard-UMass match.

## *TIDDLY WINKS*

The University offers many sports in its Athletic program. However, none are so challenging and enthusiastically received as TIDDLY WINKS.

The tiddly winks team ends this season—undefeated and unchallenged. They have won every game which they have not played.

The brand new uniforms which the team are seen wearing (in picture) have been purchased from the funds in various and sundry machines around the campus.

Next year the team is hoping to have the sports band accompany them on tour.

University of Massachusetts Grassing Team warms up before Vassar game.

L-R—Fagan, Business Manager, Toole, De Vivian, Dorf, Twinkle.

## GRASSING

Grassing is one of the few sports at the University which offers a challenge and an education. Grassing is not an organized sport, but then neither is it a disorganized sport.

BUSINESS MANAGER

ORGANIZATIONS

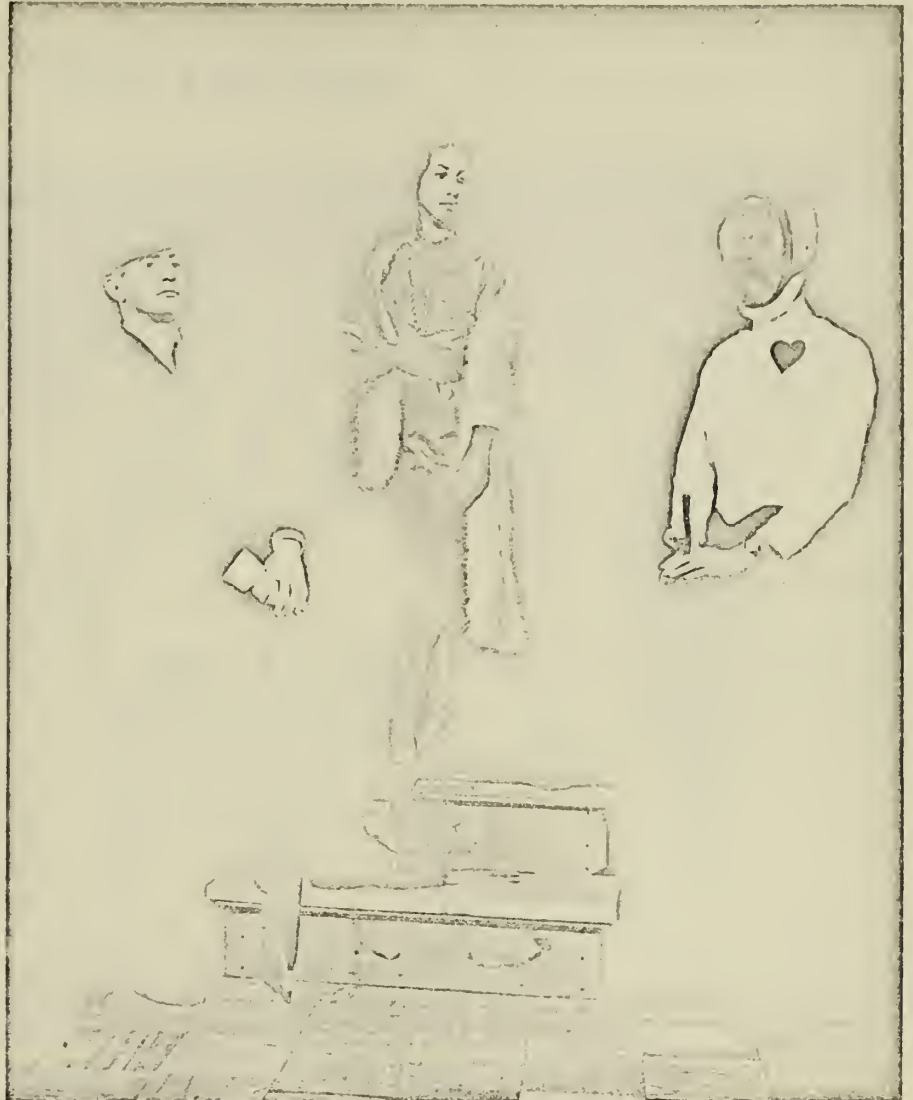

# YA-HOO

*Ya-Hoo*, the unofficial undergraduate compilation of escoterica and erotica, is currently enjoying disfavour from several quarters. And enjoying it! Banned in Boston, Rome, and Tiajuana, sales have increased to the extent that copies have, reportedly, been smuggled into South College and the Christian Science Reading Room.

The clandestine sales have allowed and enabled a certain amount of remuneration of the editorial staff, thus enabling these three people to pay their increased tuition and contribute to the refurbishing of more highway signs.

Declared an illegal publication by the Upholders of Victorian Morality, *Ya-Hoo* has moved its printing facilities to Little Rock, Arkansas, which is outside federal jurisdiction, and is planning to move to the Union of South Africa, which is not even governed by the rules of decency.

The plans being formulated for next year's publications includes a profusely illustrated, 700 page biography of the Marquis deSade. This opus was due for publication this year, however the Student Senate cloistered itself for six weeks with the illustrations and ruined the printing schedule, as well as getting greasy thumb-prints all over the pictures. Further plans of *Ya-Hoo* include an exposé series, in which the magazine will bring to light the fact that there is a Papal plot to overthrow the legally constituted government of the United States with the aid of the government of David Ben-Gurion. Also forthcoming is a series of articles by Orval Faubus concerning Social Equality, which, with the magnanimous consent of the author, will be printed in black and white. *Ya-Hoo* is also planning to run a series of articles on Alcohol, Sex, and Propriety, to be written by a liberally-minded, female member of the administration. This series will not appear for at least another ten years.

Someone once said that satire and parody were the most difficult, and, if successful, rewardingly comic types of humour. I think it was someone on the staff.

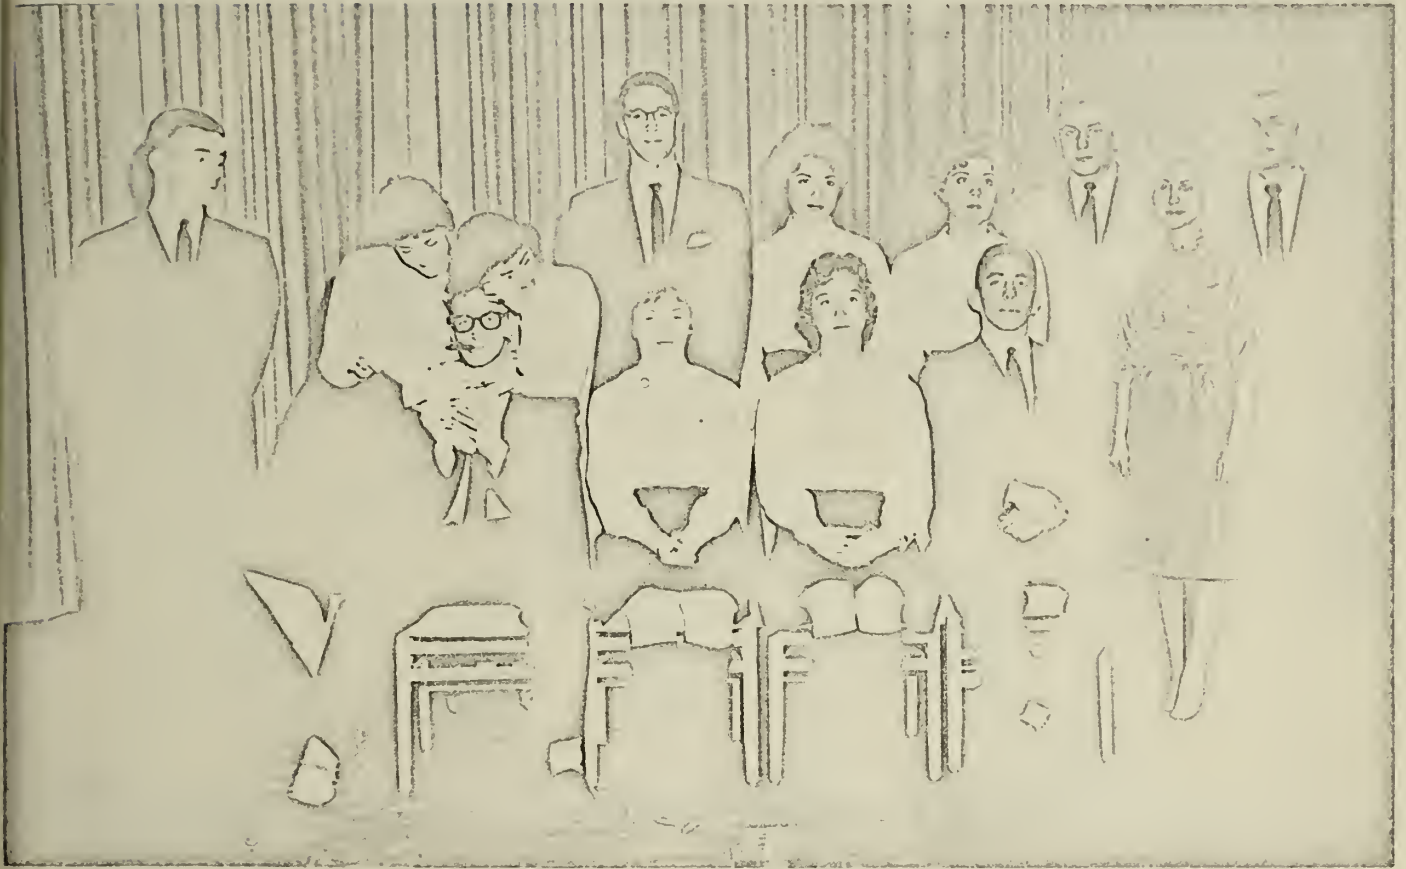

Constantly searching for new avenues of humorous attack (and that done, for new avenues of humorous escape) *Ya-Hoo* has been embarked for some time on a voyage of parody. Earlier this year *Time* was, to an extent, satirized. Now it is *Index* that is getting the treatment. At least you will have to admit that the publications we attack are of a constantly improving quality. At first we had visions of satirizing the *Student Union Financial Report*, however we soon realized that no amount of parody or satire would render that publication any funnier that it already is.

So, *Index* it is. And should anyone reading this issue feel that there has been a direct attack made on any individual University group or institution we wish that he, or she as the case may be, would report it to us. We thought we were being pretty damned subtle.

Our good luck and congratulations to the *Index* staff. And once more, "To hell with the Student Senate!"

# COLLEGIAN

L-R Front Row—Fagan, Business Manager, Mutt, Jeff, Frodge Leaning De viva, Grimm Standing Toole, Dorf, Cutelly, Twinkle, Goodguy, Ostrogoth-Smith, Crapps.

The *Collegian* is the official undergraduate monopoly at the University. Free and uncensored, it is the only college news publication to win American Humorists award three years in succession over such imposing competition as *Peanuts*, *Pogo*, and the now defunct *Mass Quarterly*.

Ex-*Collegian* staff members are

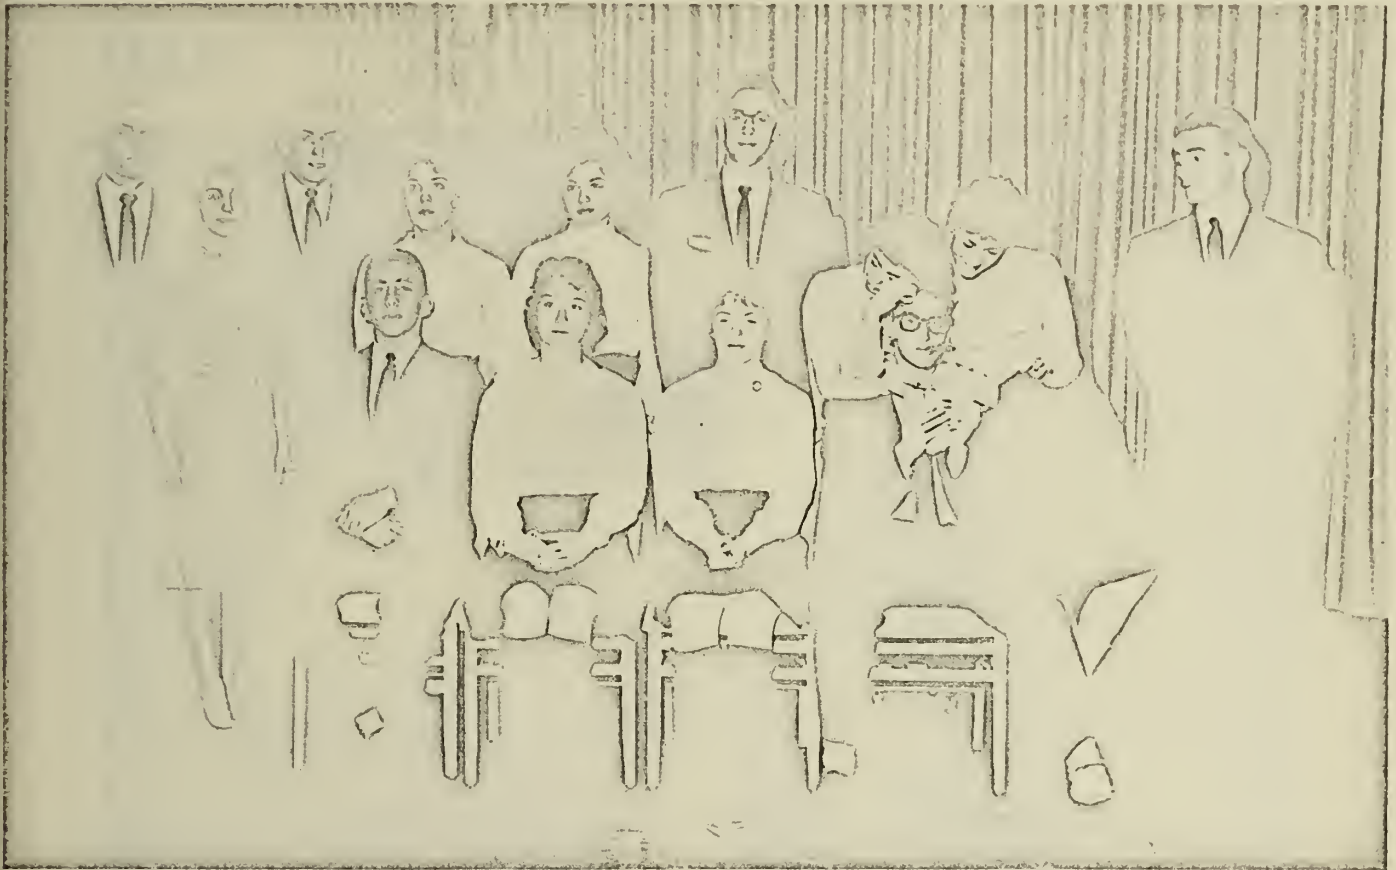

foremost in the ranks of correspondents of such news agencies as *Pravda*, *Tass*, and the now defunct *Daily Worker*.

The *Collegian*, gaining in experience, has enjoyed a year which well lived up to the *Collegian* motto: "Bigger and better things through typographical errors."

# SINDEX

L-R front row—Frodge, Jeff, Mutt, Fagan, Business Manager. Leaning—Grimm, De Viva. Standing—Crapps, Ostrogoth-Smith, Goodguy, Twinkle, Cutelly, Dorf, Tcole.

*Sindex* is the official expose magazine of the University. It is produced by, for and in spite of the undergraduate body. *Sindex* exists in order to promote goodwill and harmony among the various student organizations. This is achieved with the aid of a Brownie—a portable typewriter—and a few well chosen words.

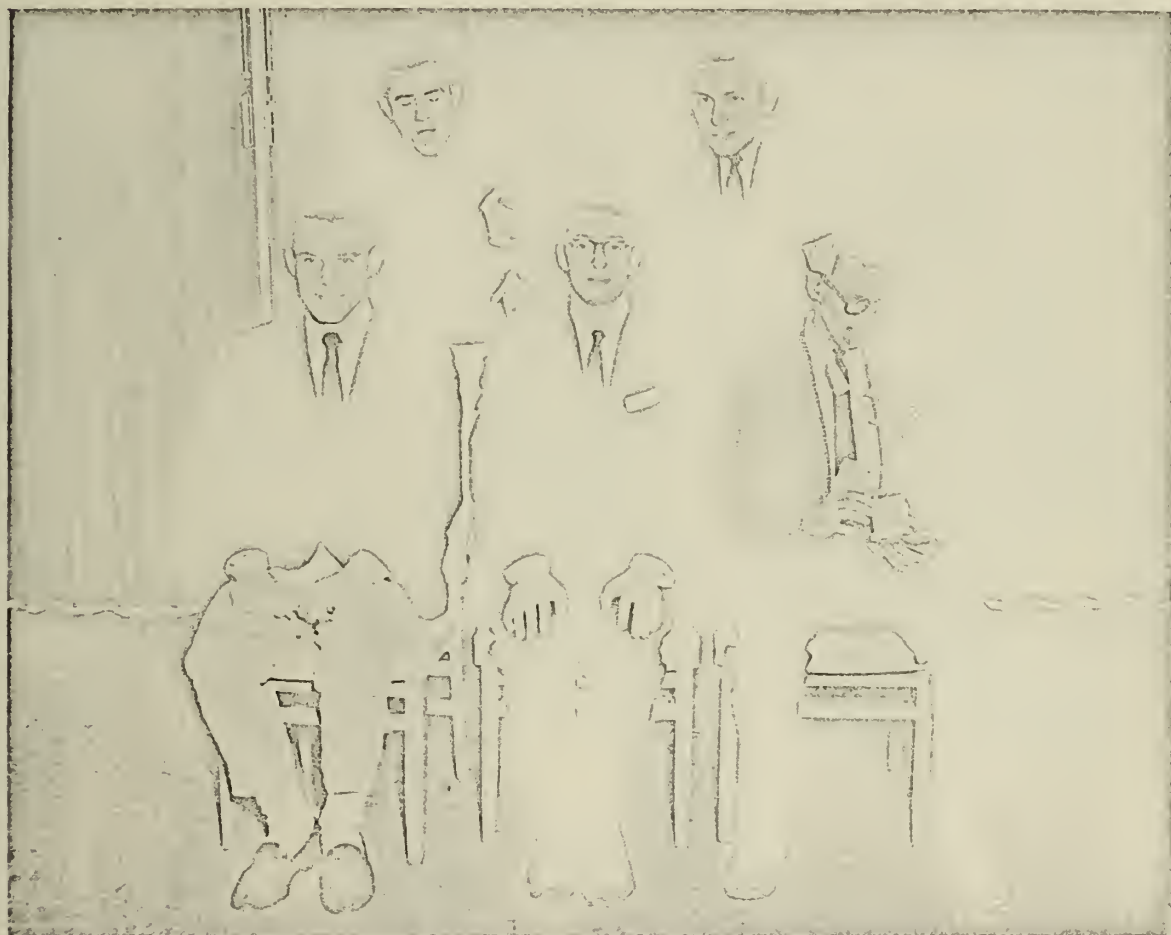

Also it is the wish of *Sindex* to portray campus life as it actually is, and to include in its pictures all events and persons as they really are. Many times we find that persons so portrayed are members of the staff—members of the staff's girlfriends—pets—housemothers—and or friends—(this is because the staff really gets around).

# GREEKS

## MAN

L-R, First Row—Crapps, Dorf, Fagan, Business Manager; Second Row—Toole, Goodguy.

Early in 1960 President Mather lumped all fifteen of the University's fraternities together into "the one great Fraternity of Man" (Mu Alpha Nu), upon which 97% of the brothers resigned. All that was left were these misfits who were afraid they would not get their pictures in *Sindex* otherwise. The Fraternity's primary activity is chanting choral response to the President's speeches at commencements and convocations.

## DELTA OMICRON GAMMA

L-R, Front Row—A. Grossman, B. Grossman, T. Twinkle, C. Grossman, D. Grossman; Second Row—E. Grossman, F. Grossman, G. Grossman, H. Grossman. All the Sorority sisters were asked to appear clad in white blouses and dark skirts for the Sindex group picture.

Early in 1960—All sororities were lumped into one, very typical, unrestrictive, non-sectarian group of young women known as Woo-Mu Alpha Nu.

The charter for this group is a list of restrictions. (Commonly called the no list). Included therein are the following:

- 1) No uninvited unescorted males (without pedigree) allowed in sorority houses.
- 2) No mass meetings of pledges and sisters in the Student Union, for

purposes of celebrating pledging. (any group wearing black and seen in a cluster should beware).

- 3) No serenading outside of dormitory—(as such a ceremony becomes dangerous when flower pots, etc., are dropped from upper windows).
- 4) No sorority (if at all possible).

The chief function of this group is to enlarge and rebel, but to appear ladylike at all times. Also included in sorority extra activities are Motar Boards, judiciary and scrolls.

## WOMEN'S JUDICIARY

L-R—Twinkle, De Viva, Ostrogoth-Smith.

Women's Judiciary is the official undergraduate female auxiliary of the Watch and Ward Society at the University. Taking advantage of the facilities of Men's Judiciary rack and iron maiden, the Women's Judiciary has speeded exorcisms and driven the devil from many undergraduate women.

## MEN'S JUDICIARY

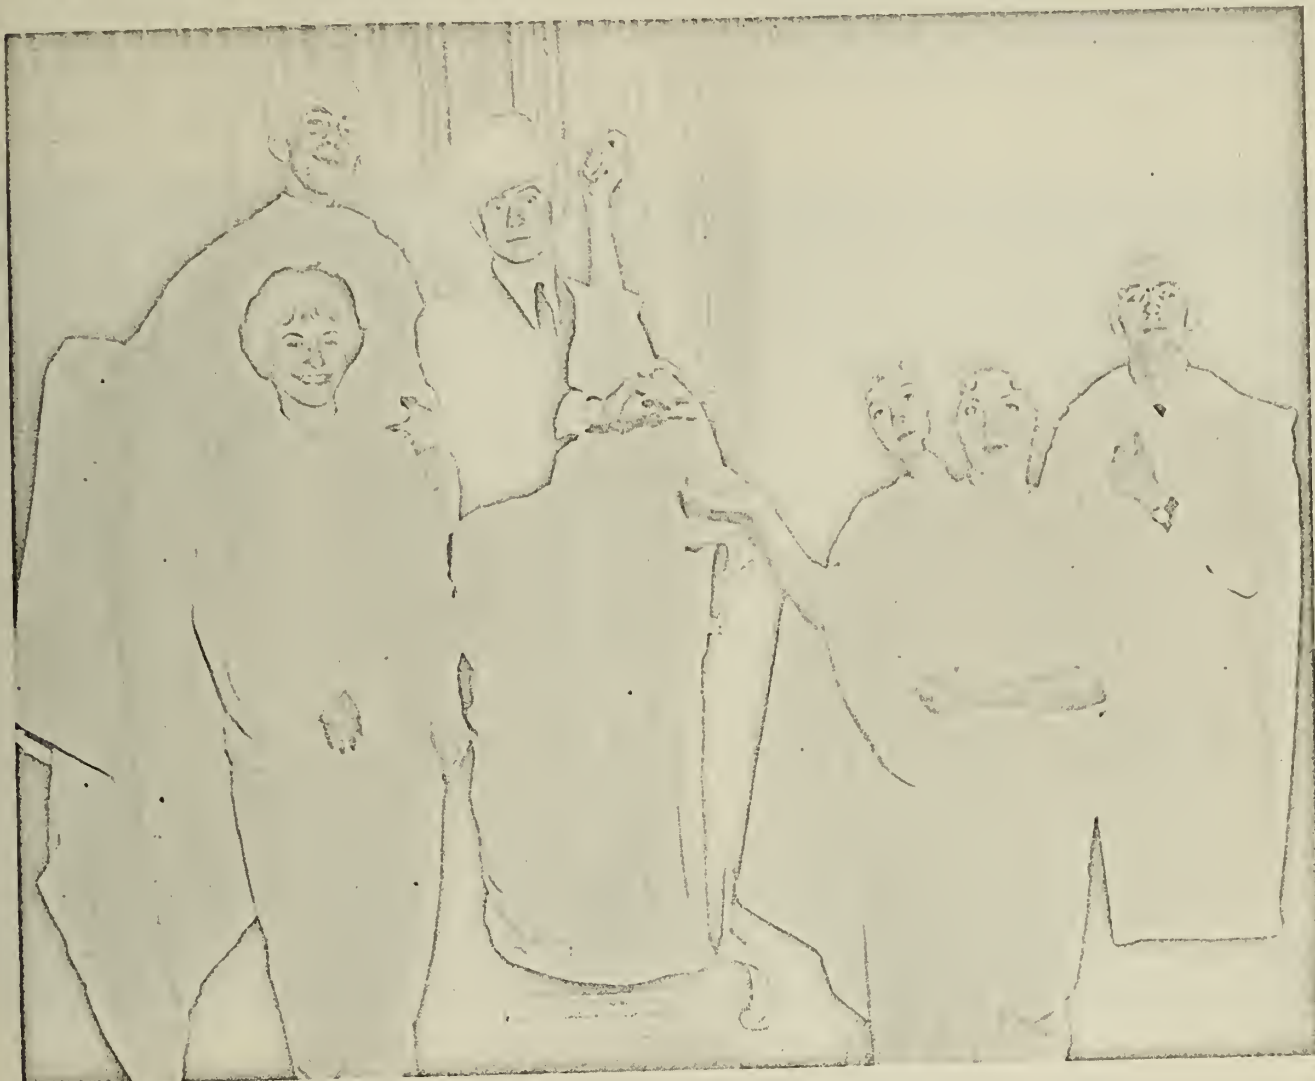

L-R—Fagan, Business Manager, Dorf, Crapps, Goodguy.

Men's Judiciary, the official undergraduate Inquisition at the University has enjoyed another fun-packed year. Since receiving the new rack and iron maiden, expulsions have been expedited and there was only one hung (see picture) verdict this year. Men's Judiciary, in conjunction with the offices of the Deans of Men and of Women, offers a \$25 reward\* for information leading to the capture of any unregistered group of over five undergraduates. \*See picture

# STUDENT SENATE

Front Row, LR—Cash Oswald Deston, Prudence Penalton, Second Row, LR—Vice-President Den Two big, President Robert Over, Senator O'Dreary, Back Row, LR—Robert Armstrong, The silent Three.

Operating under a revised edition of Robert's Rules of Order called "Bob's Wednesday Night Bible", The Student Senate keeps forty-one students from doing anything better with their time. With a propensity for confusing issues, amending amendments, and suppressing student opinion, the Senate still manages to balance their budget even if it means sending the Drill Team to Cuba to guard our touring students.

This year the S.S.—oh those are wonderful initials—was forced to hire six secretaries, three recorders, and twelve members of Maroon Key—the latter fellows were bought at a

special sale for 10¢—in order to allocate efficiently the four million dollar Student Activities Tax Fund. While working long and hard at this task, the Senate succeeded in placing extra-curricular activities as the number one concern of the Student Body.

In addition to their normal duties, the Senate this year legislated twenty-two new traditions including a revolutionary Spring Day which is to be held July 4th at 3 P.M. in the Sahara Desert where camels will be issued to the men and geese to the women. (The first fifteen people observed not having fun will be seriously reprimanded).

J. Patten

## PRECISIONETTES

We wish to thank the members of the Mary Spittoon Chapter, DAR, for posing for this picture.

The crack girls's drill team recruits it's members from the freshman, sophomore, junior, and senior classes. The girls gain poise, posture, rhythm, and a commission in the WACs upon completion of four years. They present marching maneuvers and precision routines at halftime at home football games, and have often held the line when the team was broken. Sixteen of them provide a perpetual honour guard for the Dean of Women.

# FLYING REDMAN

The Flying Redmen, the A.F.R.O.-T.C. company of Black Shirts differs from the Armour drill team in that they are recruited principally from the more Gung Ho Air Science students. The group presents advanced corps-minded men with opportunities to impress their officers with their devotion.

The Redmen also march. This year they placed second in the National ROTC Drill Team Competition in Washington, D.C., performing before such people as President Eisenhower, Harold Macmillan, and the late King Zog of Albania. First place in the competition was taken by the Beaver Patrol of Troop 30, B.S.A., who were lost.

# BAY STATE RIFLES

Utilizing the traditional Cowardice Yellow, in their accessories, the Bay State Rifles, The Armour ROTC drill team, provides assiduous freshman-sophomore cadet brownnoses who aspire to the advanced corps, with apple polishing opportunities. They perform such useful functions as displaying the University's military might at provincial small town parades, thus

keeping the native potato growers thoroughly cowed, and also supply Col. Weaver with a Praetorian Guard with which to prorogue the Student Senate. The high point of their year was when they participated in an abortive putsch that nearly succeeded in making their commander, Cadet Lt. Col. Brawn, Professor of Military Science and Tactics.

# MAROON KEY

L-R—Bungwort, Dorf, Goodguy, Tool. Background—Fagan, Business Manager.

A junior Madison Avenue organization complete with white flannel hats, the Maroon Key is a group given over to sponsoring intellectual apathy among the undergraduates. A mendicant group, operating from Fraternity Row, the Key travels in circles with groups of sixes and sevens preaching their doctrines of malt happiness and "litterae ignorami" along the busy campus mudways and through the neighboring youth hostels. Members of the group are chosen for their talents in smiling, hand-

shaking, yelling, and goosing. Far from it being necessary to have any capacity for social drinking, too great a capacity is frowned upon lest it take a member too long to lose his self-consciousness. Among the more specific activities of their twenty-four hour day of fun and frolic are the Fall Freshman Deflowering Day, the Weekly Bookburning Sessions and the Annual Wrestler's Frolic held at the gymnasium with members of the Scrolls, the highlight of which is a race to see who can be pinned first.

# MORTAR BROADS

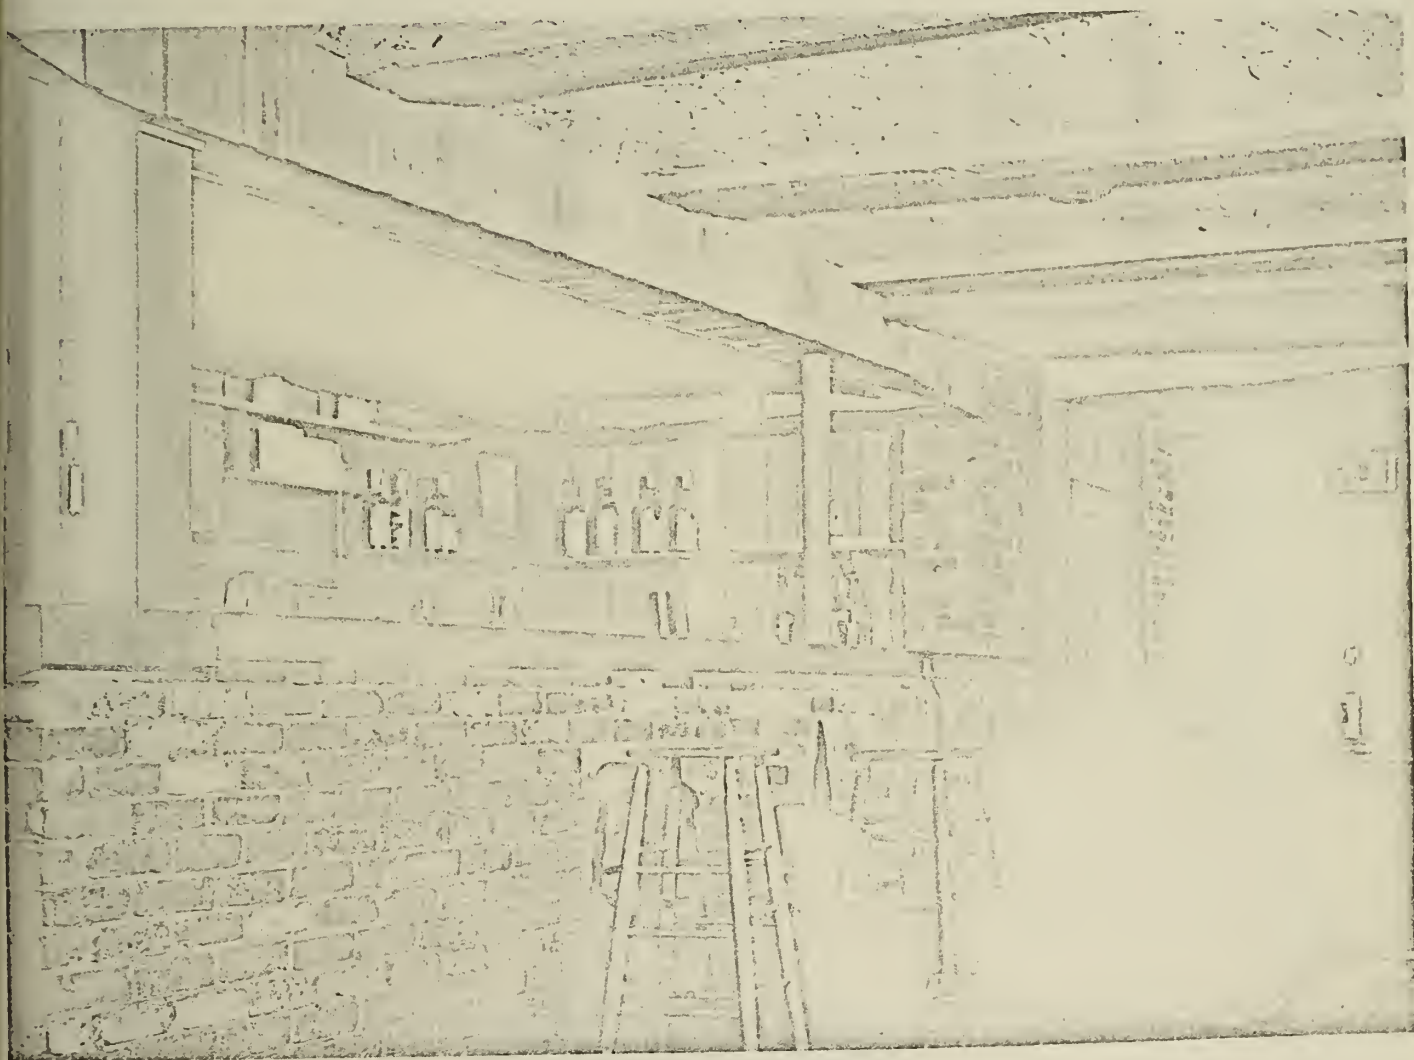

**Prudence Pimpleton, Hortence Toobit**

Mortar Breads, the official undergraduate representatives of Faith, Hops, and Chasitivity exists in order to give senior women who haven't as yet cornered a man something to do with their empty nights. Clad in spotless white blazers, the Mortar Breads meander from tea to tea and from ushering job to ushering job. Picked at random from among the have-been Scrolls, Mortar Breads conduct a series of censored panel exhortations in the women's dormitories on the subject of how to live and adjust to a Victorian Moral Code.
